

Chinmay R Mhatre

+91 9324339904 | Mumbai | chinmayrmhatre@gmail.com | [LinkedIn](#) | [Portfolio](#) | <https://github.com/chinmay0910/>

Full-stack developer experienced in building scalable web apps, containerized systems, and skilled in MERN, Docker, and cloud.

SKILLS

Programming: HTML, CSS, JavaScript, Java, SQL, Python, Dart, DSA
Frameworks/Libraries: React.js, Node.js, Express.js, TailwindCSS, Bootstrap, Flutter, React-Native, Unity, Socket.IO
Databases: MongoDB, PostgreSQL, Firebase, MySQL, Redis
DevOps/Cloud: Docker, Kubernetes (K8s), AWS, Azure
Other Tools: Git, GitHub, Visual Studio Code, AutoCAD, Figma

WORK EXPERIENCE

Software Engineer Mar 2024 – Present
Hacktify

- Developed a **CTF Dashboard** with integrated chat, **red/blue team modules**, **Docker-based dynamic web challenge hosting** and reverse proxy challenges via **Traefik**, integrated attack automation system and **Redis** for real-time scalability.
- Built **PhishingDash**, a phishing-simulation platform enabling **fake ransomware creation**, **real-time user response tracking**, and analytics to strengthen organizational cybersecurity awareness.
- Designed **3D gamified cyber-attack simulations**, integrating **Training challenges** with **real-time scoring** over **WebSockets**, boosting learner engagement by **50%** in cybersecurity training.
- Created **WhatsApp Quiz Bot** using **Meta API**, streamlining marketing campaigns and increased lead generation by **40%**.

Web Development Intern Dec 2023 – Feb 2024
Vidyalankar Institute of Technology

- Built an **announcement dashboard** and gained hands-on exposure to **Raspberry Pi** and **web hosting concepts**.

PROJECTS

Event Management System | *Hackathon winning project* | *MERN* [link] · [code]
• Developed **booking and event organization** platform in a 3-day hackathon, winning first prize.

Express Delivery Website | *HTML, CSS, JS, Node.js, Express, MongoDB, Leaflet, opencage, Mapbox* [link] · [code]
• Developed Express Delivery website with tracking, user-friendly interfaces, and secure Razorpay integration.
• Used Mapbox for efficient end-to-end development.

Wazebi – Food Saving App | *React Native, Node.js, MongoDB* [Play Store]
• Created a food-saving application using React Native with complete integrations for **restaurant dashboard** and **super admin dashboard**, integrated **Stripe payment gateway**, and end-to-end functionalities like cart, orders, tracking, notifications. Successfully published the app on the **Google Play Store**.

Many Such Projects:

- Live Stock Price Prediction** | *Python, StreamLit, LSTM, Beautiful Soup* [link] [code]
- Insurance Presentation Maker** | *HTML, CSS, JS, Node.js, Express, MongoDB* [link] [code]

EDUCATION

Bachelor of Computer Engineering, Vidyalankar Institute of Technology | CGPA: 9.87 2022-2025
Diploma in Civil Engineering, Government Polytechnic Mumbai | Percentage: 93.13 % 2019-2022
SSC Maharashtra Board, Rita Memorial School | Percentage: 87.60 % 2018-2019

POSITIONS OF RESPONSIBILITY

CESAVIT — Web-Head Vidyalankar Institute of Technology
Led web team of 4 to enhance the website and collaborated on organizing technical events. July 2023

Nirmaan — Head Government Polytechnic Mumbai
Led the college event team of 18 to successfully organize and execute college events. January 2021

TRAINING AND COURSES [\[VIEW ALL...\]](#)

AWS Academy Cloud Foundations | AWS Academy [March 2024][certificate]
Prompt Engineering, Vanderbilt University | Coursera [October 2023][certificate]
Agile Scrum Master(ASM®) | SimpliLearn [October 2023][certificate]
Python for Data Science | Infosys [April 2023][certificate]

SCHOLASTIC ACHIEVEMENTS [\[VIEW ALL...\]](#)

First Prize at VIT, Mumbai AI Made me Rich | Mumbai [April 2024][certificate]
First Prize at Fr. Agnel College of Engineering Hackathon | Navi Mumbai [March 2024][certificate]
Finalist at Rajasthan Police Hackathon | Jaipur [January 2024][certificate]
First Prize in Tech-Talk | Universal College of Engineering [August 2021][certificate]
